OCTOBER-NOVEMBER 2004

SAWYER LUDWIG PARK, INSTALLED AND GROWING

October 2004...

Just the beginning of a great course!

Through the efforts of the Marion Parks Department and the generous sponsors*, Sawyer Ludwig Park in Marion Ohio currently hosts a 10 hole disc golf course. The course winds through the front and center of the park while utilizing the slight elevation changes and mature trees for challenge. The course

has only been in for three weeks and has already had visitors from Columbus, Upper Sandusky, Delaware, and Findlay.

Marion Parks Department and MOODGolf is actively seeking other sponsors in order to expand the course to 18 holes by Spring 2005. A hole sponsor (donation of \$400) will be recognized with their logo and business information on the tee sign. Additionally the hole will display their name.
